Le grand virage des traitements, c'est maintenant.

A splendid response!
THANKS TO EVERYBODY!

On behalf of Thomas, Aleyna, Florian, Jessie, Mickael, Myriam, Marina, the children and families, the AFM would like to express its thanks and gratitude to all its supporters in France who rallied round so splendidly. Despite the economic difficulties encountered daily, our supporters reached out and took up the challenge, thus proving **that the only way to shape the future is through solidarity.**

"During these thirty hours, the people of France have shown unfailing solidarity. And this gives us the strength and means to pursue our combat towards other victories, like that of Aleyna's cure. Thank you all so much. This evening more than ever, you are our strength!" declared Laurence Tiennot-Herment, President of the AFM.
